Claim Rejections - 35 USC § 112

1. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The cleaning accessory in claim 1 is actually a cleaning lid. Applicant should change the wording throughout the claim. In claim 1, line 15-18 is indefinite. It appears that applicant is trying to define the location of the brush handle retaining spring. Hence, the brush handle retaining spring is sufficiently strong to retain a handle of a paintbrush pushed through a brush handle passage opening of the support plate and *located* between the handle retaining spring positioned around the exterior perimeter edge of the spring guide insert. In claim 1, line 18, the phrase "the a" should be "the". The term "may optionally" is indefinite because it is not clear if applicant is claiming the hanging support structure in combination thereof. The phrase "support/attachment" has to be either a support or an attachment and not both. Regarding claim 1, the phrase "such as" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d). Also, the term "or" on line 24 renders the claim indefinite. Appropriate correction is required.

Allowable Subject Matter

2. Claim 1 would be allowable if rewritten or amended to overcome the rejections under 35 U.S.C. 112, second paragraph, set forth in this Office action. Also, claim 1 has to positively recite the compressional support structure with a bottom side of the support plate wherein the compressional support structure includes two or more can insert snaps extending from the bottom surface of the support plate.

Conclusion

3. Telephone inquiries regarding the status of applications or other general questions, by persons entitled to the information, should be directed to the group clerical personnel and not to the examiners. In as much as the official records and applications are located in the clerical section of the examining groups, the clerical personnel can readily provide status information without contacting the examiners, M.P.E.P. 203.08. The **Group clerical receptionist number is (703) 308-1148** or the **Tech Center 3700 Customer Service Center number is (703) 306-5648**.

If in receiving this Office Action it is apparent to applicant that certain documents are missing, e.g., copies of references cited, form PTO-1449, form PTO-892, etc., requests for copies of such papers should be directed to Valerie Douglas at (703)308-1337.

For applicant's convenience, the Group Technological Center FAX number is (703) 305-3579 or (703)305-3580. This practice may be used for filing papers not requiring a fee. It may also be used for filing papers which require a fee by applicants who authorize charges to a PTO deposit account. Please identify Examiner Luong of Art Unit 3728 at the top of your cover sheet of any correspondence submitted.

Inquiries concerning the merits of the examination should be directed to Shian Luong whose telephone number is (703) 308-2039. The examiner can normally be reached on T-F from 7:00am to 4:00pm EST.
